

The Advanced Financial Modeler (AFM) Accreditation in Partnership with Financial Modeling Institute (FMI)

With the addition of Practical Skills Modules to its program, CFA Institute has recognized the importance of financial modeling knowledge. This is because financial modeling plays an integral part in business decision making, with modelers informing key transactions and critical business decisions.

Validate your advanced financial modeling knowledge and technical skills with the AFM accreditation.

The Advanced Financial Modeler (AFM) Accreditation

CFA Germany price: \$US 550 (Standard price \$US 695)

The Advanced Financial Modeler (AFM) accreditation is FMI's flagship program. As an AFM candidate, you will use FMI's learning resources to prepare for a rigorous, proctored, online 4-hour exam in which you will be provided with a case study and required to build a 3-statement model of a company from scratch.

Exams are offered online, four times a year: **May 11, 2024 | July 27, 2024 | October 26, 2024 | February 22, 2025**

By achieving the AFM accreditation, you will be able to...

- ✔ Create a financial model that can be used as a critical decision-making tool, allowing users to make accurate and informed financial decisions
- ✔ Validate your ability to build a 3-statement model of a company from scratch
- ✔ Use a financial model as a powerful communication tool to clearly and effectively tell the story of a company
- ✔ Demonstrate the technical modeling skills most valued by stakeholders, employers, and clients
